

THE HUB COMMUNITY SURVEY RULES

ONLINE OR PAPER SURVEY IS NECESSARY TO ENTER THE DRAWING OR TO WIN A PRIZE. The 2024 HUB Community Survey Drawing starts September 26, 2024, and ends January 1, 2025.

ENTRY: When you complete the online or paper form and return the survey to the approved location, you will be automatically entered into the Drawing. Completing more than one survey does not improve your chances of winning.

PRIZES: Six (6) prizes for a \$25.00 Visa gift card are available to be won. The total retail value of all the prizes to be awarded is \$150.00
Prizes may not be transferred or exchanged except at the discretion of The HUB.

WINNER SELECTION: The HUB will determine the winners on or about January 2, 2025. Each entrant will be eligible to win one prize. Winners will be notified by email or phone. If you do not respond to the prize notification within five days for any reason, the prize will be forfeited and awarded to an alternate winner.

ELIGIBILITY: The Drawing is open to Robles Junction/Three Points Arizona residents who are 18 or older at the time of entry. Friends of Robles Ranch board members, staff, immediate family, and persons in the same household are not eligible to enter or win the Drawing.

GENERAL: By entering the Raffle, you accept and agree to be bound by these rules. In its sole discretion, the HUB reserves the right to cancel, terminate, or suspend the Drawing without prior notice and at any time.

Survey Privacy: Your survey information will remain private. The HUB manager will remove the name and contact information on the survey before the answers are compiled.
The HUB survey manager is the only person who will know the survey participant's name.

The HUB offers a few prizes. Still, we wanted to incentivize participation by creating a Drawing so community members could win prizes.

The information you provide in the survey will help us determine what resources are needed in our community. Your voice matters! Thank you for your time and dedication. Good luck!

Sincerely,
The HUB
